What is Tklesson about?

Why do we exist?

What is our Mission and Vision?

OUR MISSION

Tklesson is the foremost Academia-styled E-learning Platform in the whole wide world. This E-learning system contains approximately 100,000 Computer-Based Tests, 3000 Video Lessons, and over 20,000 Lesson Notes to aid you in achieving academic excellence.

While **Tklesson** is a platform that gives you access to study materials and practice tests, it is also an E-learning system that has been designed to be like your everyday school. In other words, you will take part in examinations, receive academic results, earn grades, and acquire transcripts. Your lesson will be monitored, and reports of your academic performances will be given to you from time to time.

To put it another way, **Tklesson** is a school-after-school. You have the liberty to study on your own, and have access to thousands of practice tests, but you will sit for a final examination at a scheduled time each term/semester. You will earn grades, grade point average, cumulative grade point average, and Grade class (such as First Class, Second Class (upper division), Second Class (lower division), Third class, etc.).

Certificate

You earn a certificate after your program.

The Proprietor

You get a report card after your examination each term.

You also get an academic transcript whenever you make a request.

Originally, Tklesson was created to cater for the needs of pupils and students residing in Nigeria, Canada, Ghana and the USA. However, due to the similarity in academic curricula, students from other countries can also benefit immensely from our programs. By enrolling at Tklesson for after-school tutorials, you will take part in our examinations, projects, and competitions.

Tklesson specializes in providing all the following

- Study materials for all subjects
- Video Lessons
- Computer-Based Tests
- Group-learning forum (Tksocials)
- Personality-development articles

Nigerian Students will have access to

- Primary school lessons and examinations
 - Including Common Entrance Examinations
- Secondary school lessons and examinations
 - Including NECO, WAEC, UTME, and Post-UTME
- University lessons and examinations
- Professional courses (Data science, Project management, etc.)

Ghanaian Students will have access to

- Primary school lessons and examinations
 - Including Common Entrance Examinations
- Secondary school lessons and examinations
 - Including WAEC
- University lessons and examinations
- Professional courses (Data science, Project management, etc.)

Canadian students will have access to

- Grade school lessons and examinations (Grade 1 to Grade 5)
 - Including Grade 5 SATs
- Middle School lessons and examinations (Grade 6 to Grade 8)
 - Including Middle School Certificate Examination
- University lessons and examinations
- Professional courses (Data science, Project management, etc.)

American students will have access to

- Grade school lessons and examinations (Grade 1 to Grade 5)
 - Including Grade 5 SATs
- Middle School lessons and examinations (Grade 6 to Grade 8)
 - Including Middle School Certificate Examination
- University lessons and examinations
- Professional courses (Data science, Project management, etc.)

Tklesson welcomes students from all around the globe. You can benefit from our programs wherever you reside, whenever you want to. You can view our video lessons, read our lesson notes, and take our computer based tests any time, any day. **Our language of Instruction is English.**

Tksocials

Tksocials is a social media that facilitates group learning and intellectual discussions amongst students. This has been incorporated into Tklesson to make learning interactive, facilitate extracurricular activities, and aid students in developing healthy social skills. Tksocials will enable students from across the world learn about diverse cultures.

Duration

You can have access to Tklesson anytime you want. However, examinations shall be taken at specific dates. Once you subscribe to the program, the program information will be sent to you. Students will be given projects to do, which will be 40 marks, while examination will be 60 marks. Total mark for the term is 100.

What we strive to achieve at Tklesson

We do what we do so as to

- i. Cater for the educational needs of students from poor and rich homes.
- ii. Facilitate the education of all young people across the world.
- iii. Enable easy access to education by those who are in the hospital.
- iv. Make education easily accessible at affordable rates.
- v. Contribute to economic and social development.

The benefits of enrolling at Tklesson

At Tklesson,

- i. You will gain access to very clear, quality and informative tutorial videos
- ii. You can watch tutorial videos as many times as you want, whenever you want to, and wherever you are; in your house, on the train, on the bus, at the beach, etc.
- iii. CBT questions are marked and scored by Computer. You do not need a private tutor at home.
- iv. You will earn grades. Are you worthy of a first class or less than a first class? What CGPA do you merit? How can you improve your CGPA?
- v. You do not need to carry a bulky backpack (school bag) anywhere you go. There are quality lesson notes on Tklesson that are just as good as your textbooks (and possibly better). Why not hold on to your mobile phone, tablet, or laptop and access quality education anytime, anywhere?
- vi. As a parent, your child will be able to retain knowledge each time he/she watches academic videos. The videos are at your beck and call; they are there for the watching.

Engagement

- ♣ Tklesson app will be accessible on Playstore starting from September 2021.
- ♣ Our website is www.tklesson.com
- ♣ You can follow us on Instagram at tklesson_global. You will be able to view many of our products and services on our Instagram page.
- ♣ You can follow us on twitter at tklesson. Important information will be shared on twitter.
- ♣ You can also follow us on Facebook at tklesson.
- ♣ On our Website and App, our slides will update you on what's new. Please, endeavour to view our slides.

Our Products

Our products are unique, vetted, and frequently improved upon. We also have an accessible and responsive customer service.

We provide Course materials and Video lessons for all classes

PRIMARY SCHOOL STUDENTS

JUNIOR SECONDARY SCHOOL

SENIOR SECONDARY SCHOOL

For each topic, there is at least a video lesson and a practice test. Hence, if you wish to learn Indices, you will be able to access the Video Lessons on Indices, and then take a series of Practice Tests on Indices afterwards.

If you wish to study the lesson notes instead (perhaps, due to such reason as high cost of internet usage or hearing impairment), they are also available for use. Tcklesson lesson notes are very good, and are probably better than most textbooks you will find around.

Our CBTs are close to 100,000. More CBTs are in the pipeline

UTME English (Practice Test 17)
(www.tklesson.com)

One of the following does not rhyme with the others.

- few
- mew
- drew
- knew
